The Power of EDI: Data and Dialogue

Implications for Holistic Child Development

Join us for a day of learning as we explore the ways in which educators, schools and communities can use EDI data to support the holistic development of young children.

Each Toronto Region school board may register up to **20 participants**. This may include:

- Superintendents of Education
- Central Support Staff (Early Years, Special Education, Professional Support Staff, etc.)
- Educational Researchers
- School Teams (e.g., Principals, Kindergarten Teachers, Early Childhood Educators – **Funds for release time are available for no more than 6 teaching/ECE staff from each school board**)
- Community Partners/Representatives

REGISTER NOW!
